

Dr. Hawkins / PHHS School Code of Conduct

Rationale

The Port Hope High School Code of Conduct sets clear standards of behaviour for all members of the school community - students, staff, parents, community partners, volunteers and visitors - and is based on the Kawartha Pine Ridge District School Board (KPRDSB) Code of Conduct and the new Provincial Code of Conduct, effective February 1, 2008.

This Code of Conduct applies at school, during school-related or school-sponsored activities and to events that happen outside of school but might have an impact on the school climate. This Code of Conduct includes cyber bullying.

It is important to note that the new Code of Conduct strives to make schools safer by focusing on promoting positive behaviour, on providing early and on-going intervention, on preventing inappropriate behaviour and on addressing inappropriate behaviour with appropriate consequences. As a result, there is a shift away from a punitive approach to incidents of harm and wrongdoing to a new approach that seeks to correct the inappropriate behaviour and, in KPRDSB, to repair the harm that has been caused.

Progressive discipline and restorative practices are two of the supports available to schools when working with inappropriate behaviour or conduct, and Principals will use both strategies when considering the most appropriate way to respond to each situation in order to provide students with the opportunity to learn from the choices they make.

Student Responsibilities

Students will:

This Code of Conduct is based on the principles of Safe, Caring and Restorative Schools: Discipline/Code of Conduct Administrative Regulations: ES-1.1.1A.

The Ministry of Education requires that all schools develop a Code of Conduct which communicates the standards of behaviour to all the members of the school community the types of behaviour expected from them. Members of the school community include: students, staff, parent(s)/guardian(s) and others such as visitors, volunteers, community partners and community rental groups. Codes of Conduct must be reviewed at least every three years. School principals must consult with students, staff, the school council and the superintendent in this review.

School Codes of Conduct must be consistent with the provincial code and aligned with Board Policy No. ES-1.1, Safe, Caring and Restorative Schools and this administrative regulation. The Board recognizes that all students, parent(s)/guardian(s), teachers and staff have the right to be safe, and feel safe in their school community. This school Code of Conduct has been developed in accordance with the guiding principles of the Safe, Caring and Restorative Schools Policy and the Ontario Code of Conduct in order to create a common philosophy and understanding upon which safe learning and working environments can be maintained for all school community members. It is applicable to students while at school or engaged in a school-related activity or in other circumstances where engaging in the activity has an impact on the school climate.

Each student has the additional responsibility to:

- show respect for themselves, for others and for those in authority; and
- refrain from bringing anything to school that may compromise the safety of others.

Teaching staff have the additional responsibility to:

- help students work to their full potential and develop their self-worth;

- causing harm, fear, or distress to another individual including physical, psychological, social or academic harm to the individual person's reputation or harm to the individual's property; or creating a negative environment at a school for another individual.

Bullying behaviour occurs in a context where there is a real or perceived power imbalance between the pupil and the individual based on factors such as size, strength, age, intelligence, peer group power, economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender, gender identity, gender expression, race, disability or the receipt of special education.

School Code of Conduct: Procedures

Search and Seizure

In alignment with our *Police/School Board Protocol*, school authorities have the right to search student school and personal property (such as, but not limited to; lockers, desks, purses, backpacks, pockets and other personal items) without permission, consent and without prior notice. This would normally only occur when the person in authority felt there were reasonable grounds for suspicion that the student had something in their possession that was either stolen or posed a possible risk of harm to others at the school (e.g., drugs, a weapon among others). Police may be contacted if the search reveals such an item.

Prevention Strategies

Schools in the KPR Board promote academic excellence through the character attributes of respect, responsibility, honesty, integrity, empathy, fairness, initiative, perseverance, courage and optimism, to enable all students to reach their full potential. Schools also use restorative practice, an approach that manages conflict by repairing harm and strengthening relationships. It holds the individuals causing harm accountable for their actions, and it allows everyone – the person harmed, the person causing harm and others affected – to express the harm that was caused and any resulting needs. Restorative practice allows reparation (“making it

right”), healing and reintegration, while preventing future harm. It may include responses ranging from informal conversations or meetings to formal restorative conferences.

In addition, the Board’s Code of Conduct sets clear standards of behaviour that are firm and fair. These standards apply to everyone in the school system – students, parents, guardians, volunteers, employees – whether on school property, on school buses, at school-related events or activities, or in other circumstances that could affect school climate.

Prevention strategies are designed to:

- establish a positive school climate
- maintain effective classroom management and discipline
- encourage, reinforce and reward positive behaviour
- promote social skills development
- provide information regarding anger management programs
- use peer counselling and conflict resolution
- use effective, respectful home-school communication.

Supportive Intervention Strategies use:

- “teachable moments” (using a current situation or news story to teach students a valuable skill or lesson)
- verbal reminders, redirection and reinforcement
- interviews, discussion and active listening
- offering positive choices to support positive behaviour/citizenship
- problem solving techniques including restorative practices
- contracts for expected behaviour
- appropriate outside agency support
- school/Board/community resources
- understanding of individual and group interactions and power imbalances within society
- learning and information-sharing to better understand people and situations.

Community Threat Assessment Protocol

The KPR school board also has a Community Threat Assessment Protocol (CTAP) in place with many local agencies and police services. When student behaviours pose a potential threat to safety or risk of serious harm, the CTAP helps principals take immediate steps to protect student well-being and respond to threatening incidents. Please speak with the principal for further information on this protocol.

Consequences for Unacceptable Behaviour

Consequences for unacceptable behaviour are appropriate to the individual, circumstances and actions. Schools use progressive discipline, with a range of responses, supports and restorative practices that promote positive behaviour and inclusive school cultures. Consequences are firm, fair, clear and appropriate to the student’s age and development. They include learning opportunities, to reinforce positive behaviours and help students make good choices. For students with special education needs, consequences and supports are consistent with the student’s Individual Education Plan (IEP). The Board, principals and vice-principals consider all mitigating and other factors, in accordance with the Education Act, Ontario Regulation 472/07 - Behaviour, Discipline and Safety of Pupils. Progressive discipline and restorative approaches are outlined in detail in the Safe, Caring and Restorative Schools Manual for administrators.

Consequences may include one or more of the following:

- warnings
- time-outs
- time-owed
- restricted privileges
- apology

- restitution (e.g., paying for damage, doing community service)
- suspension
- expulsion

The Principal, or their designate, will consider suspending a student if they believe that the pupil has participated in any of the following infractions:

- Uttering a threat to inflict serious bodily harm on another person.
- Possessing alcohol or illegal drugs.
- Being under the influence of alcohol.
- Swearing at a teacher or at another person in a position of authority.
- Committing an act of vandalism that causes extensive damage to school property at the pupil's school or to property located on the premises of the pupil's school. Bullying.
- Persistent opposition to authority.
- Habitual neglect of duty.
- The willful destruction of school or Board property.
- The use of profane or improper language.
- Conduct injurious to the moral tone of the school or to the physical or emotional well-being of self or others in the school.
- Being involved in a physical altercation.
- Inappropriate physical contact.
- Failing to complete medical immunizations as required by the Public Health Department.

As required by law, a student **shall be suspended and considered for expulsion** on the following grounds:

- Possessing a weapon, including possessing a firearm.
- Using a weapon to cause or to threaten bodily harm to another person.
- Committing physical assault on another person that causes bodily harm requiring treatment by a medical practitioner.
- Committing sexual assault.
- Trafficking in weapons or in illegal drugs.
- Committing robbery.
- Giving alcohol to a minor.
- Bullying, if:
 - o the pupil has previously been suspended for engaging in bullying, and
 - o the pupil's continued presence in the school creates an unacceptable risk to the safety of another person.
- Any incident including bullying, that is motivated by bias, prejudice or hate based on race, national or ethnic origin, language, colour, religion, sex, age, mental or physical disability, sexual orientation, gender identity, gender expression, or any similar factor (e.g., socio-economic status, appearance).

In accordance with provincial directives, a student **may be suspended, and expulsion may be considered**, if:

- the pupil commits an infraction in the school community, which has an adverse effect on the school
- the pupil's pattern of behaviour is so "refractory" (unmanageable) that the pupil's presence is harmful to the learning environment
- the pupil has taken part in activities that:
 - o cause the pupil's presence to be harmful to the physical or emotional well-being of others in the school
 - o cause extensive damage to property at the school or to property located on the premises of the pupil's school
- the pupil's pattern of behaviour has shown the pupil has not prospered by the instruction available, and the pupil persistently resists changing their behaviour.

Students' Rights and Right to Appeals

Every student has the right to be respected as an individual and to be accorded the rights that are inherent in our society for all individuals. At the same time every student has responsibilities both to him/herself and to every other member of the school community.

Any student who feels that a decision made by someone in authority has been unfair may seek an interview with the Principal or Vice-Principal and the person concerned for clarification. If still not satisfied, an appeal can be made to senior administration at the Board Office. A suspension may be appealed to the Board of Education.

School Visitors

Signs will be posted directing visitors to begin their visit at the office

SCHOOL LOCKDOWN

Although infrequent, the possibility of a major violent incident in one of our schools may be a reality. The level of preparedness to deal with such an incident by school staff, students and police will have a major impact on the outcome of the incident.

Remember, although police will be there to assist with training, implementation and drills, this plan is also the responsibility of the school. If a major incident occurs, it is highly unlikely the police will be in the school at the outset of the incident. The entire school including staff, students, administrators, and visitors must be prepared to implement this plan quickly and effectively.

Definitions

Lockdown:

Lockdown is used only when there is a major incident or threat of school violence within the school, or in relation to the school. The overuse or misuse of "lockdown" will result in staff/students becoming desensitized and not taking lockdowns seriously.

Hold and Secure:

Hold and Secure will be used when it is desirable to secure the school due to an ongoing situation outside and not related to the school (e.g., if a bank robbery occurs near a school but not on school property). In this situation, the school continues to function normally, with the exterior doors being locked until such time as the situation near the school is resolved.

Shelter in Place:

Shelter in Place will be used for an environmental or weather related situation, where it is necessary to keep all occupants within the school to protect them from an external situation. Examples may include chemical spills, blackouts, explosions, or extreme weather conditions.

Roles

School Staff

School staff, and in particular administrators, have the overall responsibility for the safety and well-being of students. During a violent incident, administrators have additional responsibilities in terms of working closely with police.

Students

Students have a responsibility to be familiar with this plan and to respond quickly to the direction of staff during a crisis situation. In addition, any student with information or knowledge prior to or during a crisis situation must come forward with that information immediately. In almost every incident of major violence at a school, it was later learned that a student(s) had prior knowledge of what was going to take place but failed to tell anyone. The 'code of silence' must be broken in these types of situations.

Police

Police are responsible to respond to and investigate violent incidents as defined in this plan. During a violent incident, police will assume command and control of the response and investigation but will liaise and work closely with school administration throughout the process.

Parents/Guardians

Parents and guardians must be aware of the existence of this plan and shall reinforce with their children student responsibilities to follow directions during a crisis and disclose any information they may have prior to or during a crisis situation.

Procedures to End a Lockdown / Hold & Secure / Shelter in Place

Plans to conclude a lockdown will vary by location. Procedures may include a general announcement via the PA system by the principal. In an unplanned lockdown, a response from police will occur. There will be some sort of an identification process, so that the occupants of a locked room know that whoever is giving them the all-clear is in fact authentic. Local plans should include procedures for ending lockdowns at off-site evacuation locations.

Release from Lockdown: Announced/Unannounced Practice and Actual Lockdowns

To ensure that all members of the school community become familiar with confirming that release from a lockdown is authentic, **only the police** will declare an end to a lockdown by going from room to room to announce and end the lockdown.

Violent Situation

For the purposes of this plan, a violent situation is defined as a situation involving an individual or situation posing immediate harm to life (e.g., has a gun, knife, explosives or others). Although every effort is made to ensure a safe school environment, staff and students need to be aware of the possibility that a violent incident can occur at any time or in any location within/near a school.

It is critical to notify the office immediately. As well, if it is safe to do so without danger to yourself or others, obtain the following details for your report to the office:

- location and number of suspects;
 - suspect moving or stationary;
 - identity;
 - description of physical appearance (i.e., clothing, build);
 - description of weapons;
 - possible motive or threats made; and
 - any known injuries and location
- Bomb threats are not covered under these procedures.

SCHOOL LOCKDOWN

Upon hearing the School Lockdown announcement “**Lockdown, Lockdown, Lockdown**”, staff will immediately initiate lockdown procedures. During lockdown procedures, occupants will disregard the fire alarm system and school bells unless otherwise informed by the police. **School lockdown is in effect until cancelled by the Police.** It is possible that during a drill the Principal or designate will release students and staff from the Lockdown. During a lockdown, there are steps that school staff members can take to ensure the safety and security of school occupants during a violent situation. Every attempt should be made to respond quickly and calmly.

Inside School Building

During a lockdown, staff will focus on taking care of students and ensuring they are directed out of harm’s way. If lockdown is implemented, staff will direct students to the closest secure area, remain with the students, and, if possible, lock doors to the area. Assess whether anyone is injured and the severity of injuries. Take appropriate measures to assist the injured without jeopardizing the safety of themselves or others.

Lockdown Procedures within Classrooms

- Students are to move away from doors and windows, remain quiet and follow staff/police instructions. The safest location is in a back corner, away from door, against a concrete wall.
- Individuals are to contact the office ONLY with vital information regarding incident.
- Cell phones are not to be used by staff or students unless communicating vital emergency information

(excessive cell phone use in other violent incidents has shut down access to vital communication lines).

- Staff should attempt to take attendance and complete an attendance report.
- Disregard fire alarm system and school bells unless otherwise informed.
- Staff, students and any other occupants are to remain in the secure location until notified by appropriate personnel on what actions to take.

Lockdown Procedures within Library, Cafeteria and Other Open Areas

The library will be treated the same as a classroom for the purposes of a lockdown. Students who find themselves in the cafeteria at the beginning of a lockdown should make their way to a secure area if it is safe to do so. Students who are in other open areas of the school (e.g., halls) when a lockdown is announced are to enter the nearest classroom and remain there until released by emergency personnel (police).

Outside School Building

Not all students and staff will be inside the building when a violent incident occurs. If you are outside the building, follow the steps outlined below:

- ***DO NOT ENTER THE SCHOOL.***
- Move as far away from the school as possible.
- Proceed to identified/designated area away from the school if possible.
- A staff who is at the designated area, should monitor that students remain in that area.
