

Prerequisite Chart for Business Studies

This chart maps out all the courses in the discipline and shows the link between courses and the possible prerequisites for them. It does not attempt to depict all possible movements from course to course.

Introduction to Information
Technology in Business
BTT 101
Grade 9, Open

Introduction to Business
BBI 201
Grade 10, Open

Information and Communication Technology in Business BTT 101 (OPEN)

This course introduces students to information and communication technology in a business environment and builds a foundation of digital literacy skills necessary for success in a technologically driven society. Students will develop word processing, spreadsheet, database, desktop publishing, presentation software, and website design skills. Throughout the course, there is an emphasis on digital literacy, effective electronic research and communication skills, and current issues related to the impact of information and communication technology.

Introduction to Business BBI 201 (OPEN)

This course introduces students to the world of business. Students will develop an understanding of the functions of business, including accounting, marketing, information and communication technology, human resources, and production, and of the importance of ethics and social responsibility. The course also explores the concept of personal financial products and how they are used to meet the needs of the individual and family. This course builds a foundation for further studies in business and helps students develop the business knowledge and skills they will need in their everyday lives. (May be combined with ICS 201)

Prerequisite: None
