

# Ontario Youth Apprenticeship Program (OYAP)

The **Ontario Youth Apprenticeship Program** allows Ontario secondary school students to fast track into a skilled trade of their choice. There are two types of OYAP programs available to students:

The first option is a unique combination of **community college trades training** and a high school **Cooperative Education Program**. Students are registered as apprentices and attend college one to three days a week to earn their Basic Level 1 of the trade qualifications. Students spend the remainder of the week at work placements earning two to three high school credits while accumulating hours toward their apprenticeship requirements. This full-day program usually takes place during the second semester.

- Positions in this program are only available to students in Grade 12 and eligible to graduate.
- Student involvement hours must be completed and documented at the time of indenturing.
- Candidates demonstrating success in the recommended Math, Science, English and Technological Studies will be interviewed by a panel from both education and industry to gain entrance into the program
- Successful candidates will require registration in a two or three credit Cooperative Education Program and two Dual Credits during second semester. *A related Cooperative Education placement during Grade 11 is highly recommended.*
- A transportation allowance is available to subsidize the cost of attending the College Program.
- The cost of College training is absorbed by the Ministry of Advanced Education and Skills Development.

**Note: OYAP Level 1 program students will receive Dual Credits along with their Coop credits. For further information about Dual Credits, speak to a Guidance Counsellor at your school.**

### Tentative Accelerated Programs for February 2020

Durham D.S.B.			X								

A second form of OYAP participation is available to any **Cooperative Education** student, with a **placement** in an Apprenticeship Trade, who is at least 16 years of age and has 16 credits. These OYAP students do not complete their trade's Basic Level 1 course at a Community College.

Instead, Student Learning Plans are developed for them based on training standards for their trade.

- Students can be registered as apprentices and apply any competencies achieved through their Coop placement toward their apprenticeship.
- An OYAP student in this program can participate in any of more than 150 recognized trades and earn potentially between two and four secondary credits.
